10th September 2025

MOMBASA AUCTION

FINAL MARKET REPORT: SALE 36 OF 08th & 09th September 2025

Good general demand, mainly at firm to dearer levels, prevailed for the 8Mkgs (120,460 Packages) on offer, with 20% of these remaining unsold.

The Flavory, Brighter, and Colory BP1s met selective demand, mainly at firm to USC 22 dearer and sometimes more, but a few invoices eased by a similar margin, with several out lots registered. The Medium types registered strong demand at firm to USC 20 dearer, with minimal out lots, while the Plainer types were well absorbed at firm to USC 6 easier.

The Flavory, Brighter, and Colory PF1s maintained good demand at firm to USC 20 dearer and sometimes more, but inferior lines were neglected. The Medium and Plainer types were well absorbed at barely firm to USC 18 dearer, with few lines remaining unsold.

The Flavory and Brighter PDUSTs & DUST1s met improved demand at firm to USC 32 dearer, while the Colory PDUSTs held firm to USC 19 dearer, with a few invoices easier by up to USC 10 and reprinted/inferior lines neglected. The Medium and Plainer PDUSTs registered good absorption at firm USC 8 dearer, though some lines remained unsold. The DUST1s in the Colory, Medium, and Plainer categories were selective at firm to USC 18 easier, with selected lines - mainly in the Plainer types - dearer by up to USC 15.

The BPs were well absorbed at firm to USC 32 dearer, but Plainer sorts eased by up to USC 10. The PFs met selective demand at barely firm to USC 10 dearer, while DUSTs were well competed for at firm to USC 18 dearer and easier by a similar margin, with minimal out lots. Well-sorted Colory Fannings registered fair demand at firm to USC 20 dearer, with a few easier lines by up to USC 16. The BMFs maintained good absorption on the last levels.

WEATHER REPORT

Kenya

During the week under review, both East and West of the Rift tea-growing areas experienced partly sunny mornings followed by mostly cloudy afternoons, accompanied by light showers.

Uganda

Location	Minimum Temp(0C)	Maximum Temp(0C)	Rainfall(mm)
